iRestore Hair Growth Serum

iRestore launched its new hair growth serum this September, and it has been seeing the best results. The hair growth serum helps grow thicker and healthier hair and was developed using an advanced thickening formula, Redensyl®, that is clinically proven to stimulate hair growth for both men and women. This solution is noninvasive and made of natural ingredients that proliferate hair growth and allows users to have more beautiful hair without negative side effects. While the serum is designed for those with thinning hair and alopecia, it is helpful for those not suffering from this who just want thicker and healthier hair. By applying 1ml two times a day directly onto the scalp in areas of hair loss or desired areas of growth, users can expect to see significant visible results in as little as three months. For only \$39.99, you can keep your hair full and strong during the harsh colder months! While there are no dangerous ingredients, it is not recommended for pregnant women and children.
