Cupid's Advice:

We can't even begin to imagine how excited this celebrity couple must be to meet their babies this June! It's hard enough to prepare for one baby to enter this world, but what if you have to prepare for two? Cupid's here to help ease your twins-ition with some baby advice:

1. Stock up: If you think you've bought all the essentials you need for your twins, think again. You're going to have to double up on diapers, bottles, clothes, wipes, high chairs, you name it. It's better to be *over* prepared before the birth of your twins than to be *under* prepared after they're born.

2. You and your partner must be a team: The months leading up to the birth of your twins will involve a lot of planning with your partner. With two babies on the way, life is going to be very different once they are born. It's a good idea to plan out sleeping and feeding arrangements with your partner before the birth date so you're both prepared for what's to come.

3. Take care of yourself: It's *extremely* important that you take care of yourself before and after your babies are born.

Not only is it important for you, but you have to take care of yourself so you are able to take care of your newborns. Make sure you have time to rest and eat throughout the day so you can be the best parent you can be!
