Cupid's Advice:

New relationships can be super fun, but sometimes it's nicer to keep those moments private. Cupid has some advice on why it can be beneficial to stay quiet at first:

1. There's minimal pressure: When you keep your relationship private for a bit, pressures from your friends and family won't be as common. Your mom won't be constantly asking when she can meet your partner, and sometimes those low-key nights in seem a bit more fun than going out with all of their friends!

2. Say goodbye to negativity: By posting about your relationship on social media, everyone will see your new significant other – and let's face it, not everybody will be happy for you. When your relationship is on the down-low, you don't have to worry about people's negative comments bringing you down.
