Dating Advice That Will Help You

Figure Out Whether He's Taking You Seriously

1. Gets off dating sites. If he's willing to give you his time and focus, he may be taking you seriously. A guy that continues to go on dating websites while you're both in a relationship is someone you should be wary of. Some men may need a nudge to shut their profiles down, but it's always better if he does it on his own.

2. He vacations with you. Going on a trip together adds a whole new layer to your relationship. It's an intimate experience and you get to know each other on a deeper level. You'll see how your partner reacts to new places, people, cuisine, etc. This stands out for a man because it's not common for men to do such an activity with someone they're not serious about.

3. Introduces you to friends. This shows your man is proud of you and wants to show you off. It's also a good opportunity for a man to see how you interact with the people in his life. He wouldn't invite you if he didn't think you'd mesh well, so relax and have a good time hanging out.

4. Invites you home for holiday. When a man makes an effort to include you in holidays and special events, he's taking the relationship seriously. Inviting you means you'll meet his family and will be shown off yet again. These instances also help you figure out whether you should get involved with his

family or run for the hills.

5. Pays attention to you. Being able to remember little details shows he really cares about you. Men who don't take you seriously won't care to hear your needs, wants or background. If your man gives you the attention you deserve and takes interest in your life, then these are signs he may be thinking of a future with you.
