Cupid's Advice:

When keeping a guarded heart, it may take a little bit to know whether or not you're attracted enough to someone to date them. If this situation sounds familiar, look over these tips from Cupid to see if you're ready to date that person you've been chatting with:

1. How well do you get along?: Okay, so you've established the fact that you're interested in this person. Before making any decisions, it's important to reflect on the relationship you currently have with them. The first thing to think about is how well you two get along. Do you fight often? Are you able to spend hours on end with each other? Do you go weeks without speaking, or do you talk all day every day?

2. Do you see a future with them?: This question may seem a little irrational, but let yourself be realistic for a moment. If you were to date this person, do you see yourself staying with them or having a future with them? Or does this just seem like a fun little fling? If you're able to imagine yourself being with them for awhile, then this may mean you're ready to date them – otherwise, you may want to think this one through.

3. How do they make you feel?: Most importantly, this

potential relationship is most likely going to come down to how they make you feel. If they give you butterflies and make you smile – well, you can assume the answer there. But if you don't feel particularly attached or attracted to them, then maybe dating them just isn't the right decision for your friendship.
