According to this celebrity news, Jennifer Lopez is hitting off with Alex Rodriguez's daughter! What are some things to consider when trying to bond with your partner's children?

Cupid's Advice:

It can be hard to win a child's affection, but it means even more when it's your partner's child. When trying to bond with them, consider this advice from Cupid:

1. Be patient: While you might want to be close with the children right away, it's just not plausible. When someone new is introduced into a child's life, it's a big adjustment. It can take more time for them to get used to the changes than it does for you. So be patient and wait until they're ready.

2. Make an effort: Kids can tell when you make an effort with them and want to be around them. Take a cue from Lopez in this celebrity news: Show an interest in their hobbies and interests, and try to do those things with them. If they feel like you genuinely care about them and their life, they will feel more comfortable with you.

3. Let them in: Curiosity is a big part of being a kid. Things are constantly happening around them that they may not understand. They don't want to feel like you're another

mystery in their life, so be open with them and answer any questions they have. If they understand who you are, they will be able to create a stronger bond with you.
