Cupid's Advice:

When baby fever hits, how do we know it's the right time? Kids are a serious, lifelong commitment and require more hours in the day than we have. While we may not all have celebrity babies, we understand that all couples, including famous couples, have to decide when it's the right time:

1. The puppy rule: We've all seen those happy couples who adopt a puppy and then announce their pregnancy a couple months later. Puppies, like babies, require late nights, selfless dedication, and constant attention. Can't handle a puppy yet? Hold off on those cute tiny toes until you can give all of yourself.

2. How's that career looking?: While not as demanding as a newborn, cultivating a stable and successful career takes a lot of time and dedication. As cute as those chubby cheeks are, wait until you can focus your time on your new baby and have the support from work.

3. That monster, debt: We've all been young, holding our first glossy credit card. There's appeal in swiping and getting what you want, but you have to pay for it at some point. As we get older, we accumulate student loan debt, car

payments, mortgages, and medical bills. Even if you only have a few of these, think month by month. Will you be able to give your child everything you want them to have?

When baby fever hits, sometimes we can't say no. What are some other factors you consider before planning for your own bundle of joy? Start the discussion below.
