## Cupid's Advice:

It's tough to figure out when your Facebook status should be set to "it's complicated" versus "single." Cupid has a few suggestions in figuring out which to go with: 1. There are still feelings there: If the two of you still have emotions churning, maybe you both just need some space to think things through.

**2. You run in the same crowd:** Think of Ross and Rachel in *Friends.* They never distanced themselves from each other and in the end, after much anticipation, they got back together.

This may be a similar situation for you and your partner if you have mutual close friends.

**3. There's no future:** If you don't see what you have going anywhere down the road, then perhaps it's time to call it quits and start living the single life.
