## Cupid's Advice:

Balancing motherhood along with all of your other priorities may feel challenging at times. Some days will certainly be easier than others. Cupid has some tips to make your life a little bit easier:

**1. Write it down:** Your schedule is bound to be busy as ever. Make sure you have a planner or large calendar to write everything down! Writing everything down will help keep your schedule straight. If you find it helpful, you can also create a color code to really keep things fresh!

**2. Make time for yourself:** Reward yourself from time-to-time with a night out! It's important to give yourself a break from your life as a parent and hang out with people your own age. Whether you go out with your partner or some of your pals, one night out is good for your sanity. Make it a pact to try and limit the conversations about kids, and focus on having fun!

**3. Chore charts:** You should never feel like you are pulling all the weight! If your kids are old enough, you should consider introducing responsibilities into their routines. A chore chart works well for this. Implementing a rewards system

is an age-old parenting tool that often ties-in with these charts, too. Make sure your partner takes part, too!
