## Cupid's Advice:

It is immensely important to care for your child even before they come out of the womb. Follow your doctors instructions, read baby books, and get some advice from Cupid! Here are some ways to put your child first during pregnancy:

**1. Eat well:** You are now consuming nutrients for both you and your baby. You want to make sure that whatever you put in your body, you would want to put into your baby's body as well. Make efforts to eat a healthy and balanced diet whenever it is possible. It's definitely okay to satisfy those cravings though! Just make sure you are still consuming an abundance of healthy foods to get the vitamins and nutrients to your baby.

**2. Rest:** Taking care of your body when you are pregnant means taking care of your baby's body too. Be sure to engage in relaxing activities like yoga, deep breathing, stretching, or maybe even get a massage! The more calm and relaxed you are, the more calm and relaxed your baby will be.

**3. Alter your public pregnancy date:** When people ask you when you are due, take your official due date and add two or three weeks to that. Then, you won't have people bombarding you until after you have already had a couple weeks to settle into

this whole new mother thing. This will also help to relieve stress on your baby and produce valuable mother and child time for the beginning of their life.
