This celebrity couple is keeping the spark alive! What are some ways to keep the spark alive in your relationship?

Cupid's Advice:

There are plenty of ways to keep the spark alive in your relationship. It can sometimes require work, but no need to feel any shame. Cupid has some tips:

1. Don't stop flirting with one another: In the beginning, flirting can give us that fluttery feeling in our stomachs, which is what keeps that "new" feeling going. Sometimes couples stop complimenting one another, and just stop with the flirtatious and promiscuous comments altogether. This can take some of the fun out of your relationship. Every couple is different, but if you both enjoyed flirting in the beginning, you should definitely still be doing it. You can do it via text messages, in person, or both!

2. Continue going on dates: Go to the places you love and go to different ones as well! Spending quality time together is essential, whether it's a date outside or an at-home one. Continue to do things together – share experiences and make more memories. Schedule at least one date a week, it will go a long way. Bottom line: don't stop going on dates.

3. Laugh together: Whether you're watching a comedy, going to a stand up show, or just cracking jokes with one another,

laughing together is important. The act of laughing releases endorphins that provide feelings of happiness and a great sense of well-being, which is something that can make you and your partner bond more.
