Donald Trump Jr.'s [celebrity break-up](#) may have something to do with his infidelity. What are some signs that your partner is being unfaithful?

Cupid's Advice:

If things have just not been the same lately between you and your partner, there may be something sneaky occurring. Don't jump to conclusions, as we all have a tendency to do. But, if you notice any of these signs, sit down with your partner and have a mature conversation about the thoughts you are having. Here are some signs that indicate that your partner may be cheating:

1. Intimacy has halted: It is normal during long-time relationships that the intimacy between you two may slow down at points. If it has completely stopped and when you try to get close to your partner they back away constantly, then that is a red flag.

2. Constant private phone usage: If out of the blue your partner starts to use their phone a lot more often in a very private manner, then that is a little fishy. If your partner has always been a big phone user, then maybe it is normal. Ask them if they have something going on at work or another occurrence that may be causing them to use their phone instead of spending time with you.
