Far more important than your workout is what you do post-workout. Serious injuries can happen if you don't care for your muscles after a gym session. This cold ball is the perfect tool for your recovery needs! Toss out those foam rollers and ice packs because the Cold Roller is everything in one tool. Filled with 3.4 ounces cooling gel, it is safe for travel and can hold its chill for up to six hours after only two hours in the freezer. It's reusable and comes with a hard shell for holding.

The design combines traditional rolling techniques with cold temperatures to help muscles to release metabolic waste and reduce inflammation for a quicker recovery time. With the cover on, it's just about the size of a baseball, so it's an easy addition to your gym bag. Priced at \$39.99, it's a great investment into your muscles' health. You can also buy the ball without the cover for \$19.99.
