Is it important that your partner understand you all the time?

Cupid's Advice:

Though no one can ever understand another person 100% of the time, if you listen to and love your partner, you should be able to come close:

1. Listen: The more you listen to your partner the more you will understand them.

2. Know their likes and dislikes: Once you know what your partner likes and dislikes, you should be able to predict how they will react in certain situations.

3. Be understanding: In the event that you don't understand each other, don't make a big deal about it. Just decide if it's something you're willing to live with, and go from there.
