Congrats to the happy couple, who are expecting a baby girl.

In celebrity baby news, Jason

Aldean and his wife Brittany are expecting a second girl. What are some unique ways to announce the sex of your unborn baby?

Cupid's Advice:

It's safe to say the most exciting part of a pregnancy is finding out the sex of the baby. Cupid has some advice on unique ways to announce the sex of your unborn baby:

1. Gender reveal parties: Gender reveal parties are all the rave now! Instead of having just a baby shower, people will also have a gender reveal as well. This party includes everyone in on the fun. There are plenty of games to be played, like at a baby shower. People reveal the gender by releasing balloons in the air or even cutting a cake with the inside being the color of the gender. This is a fun way to include friends in family in on the excitement.

2. Surprise, surprise!: A fun way to announce the gender of your unborn baby is to decorate the baby's room with the colors related to the gender. Invite close friends over for a small get together with them just thinking it's just that, a get together. While still being able to play little games, or even take a few bets, later on you can tell your guests that the get together is to reveal the gender. You can reveal the gender by simply opening the door the baby's room. Your guests will be in shock and won't expect it.

3. Invites only: A unique way of announcing the sex of your baby could be included with the baby shower invitations. Being

pregnant is tiring but to be continuously asked what you are having could be runner up. Surprise everyone by sending out baby shower invites that correlate to the sex of the baby. While people will think they are receiving a baby shower invite, they will be surprised to learn the gender of the baby. A good idea is to have the details of the invitation on the front and in small letters at the bottom write, "by the way." On the back you then reveal the gender. It's a cute, yet easy way to reveal the gender of your bundle of joy.
