Cupid's Advice:

Taylor Swift is known for her high-profile relationships, but this time around she's keeping quiet. Cupid has some reasons why keeping your relationship under wraps may benefit you:

1. You will be happier: A private relationship is free of judgement and critiques. You can benefit from a sense of privacy because it allows you to enjoy your relationship without any limitations. By taking away people's access pass to your life and relationship you reclaim your relationship.

2. Eliminate over-involvement: Social media is basically an invitation for people to comment on your life. It also encourages people such as family and friends to voice their opinion on your life. By having a private relationship, the only person's opinion that matter would be yours and your significant other.
