Cupid's Advice:

Showing public displays of affection to your sweetie is fine but be sure not to take it too over the top! Here are some ways you can communicate to your partner about the level of affection you're comfortable with in public:

1. Email or text: You can send each other an email or text to open up a conversation about how comfortable you both are with holding hands or kissing in public. There are people who aren't going to approve of you and your honey holding hands or kissing, so talk about how you would handle it.

3. Kiss on the cheek: A kiss on the cheek is a sweet way to show affection that won't draw much attention to each other once you become more comfortable. Or, depending on the mood you're in, a sweet peck on the mouth or forehead aren't too outlandish. That being said, make sure you're aware of your partner's reaction to both in order to gauge where his or her comfort level lies.
