What are ways to tell that your ex is jealous of your new relationship?

Cupid's Advice:

Even when all seems to be said and done in an ended relationship, it's possible for leftover feelings to resurface. Here are a few ways to find out if your ex is jealous:

1. He wants to see you: Even if the two of you agreed to be friends after your relationship ended, there's still a line between being friendly and clingy. If your ex contacts you more often now that you're in a new relationship, it may mean that he's jealous.

2. Ask mutual friends: If you share mutual friends, ask your friends if your ex has been mentioning you more than usual lately, or if your ex seems to be moody. A bad attitude and a need to bring you into the conversation is a sure way to tell if your ex is jealous.

3. His dating tendencies: If it seems that your ex is taking a long time to move on from your relationship, it may mean that he still has feelings for you. While your ex just may not be the type to rush into a new relationship, his repeated avoidance of the dating scene may be cause for concern.
