Cupid’s Advice:

Some people would never let things get steamy on a first date. It depends on your personal values and your comfort level with your date. But here are a few things to consider before going there:

1. You trust them: If you can see yourself going on another

date, or actually want it to turn into a full-fledged relationship, having a little steamy fun isn't a bad thing.

2. How long have you known each other?: If you're on your first date with someone you met online after a few days, it might be safer to keep it clean. But if you're friends or have been talking a while? A little fun won't hurt as long as you are both consenting adults.

3. You both need to be into it: As well as building trust, you need to be sure your date is willing to take things to the next step. If they aren't comfortable, don't do it.
