In celebrity news, Justin and Hailey won't be having children anytime soon. What are some benefits to delaying having children?

Cupid's Advice:

There are many benefits to hold off on having children with your partner. You'll want to make sure you're emotionally and financially ready for a new baby. Nothing is wrong with wanting some extra time to be with your partner before kids, either. Cupid has some advice on benefits to delaying having children:

1. You'll have more time to build a career: Babies equal time and money you might not have yet. If you get married while you're young, you may still have things you need to do in order to chase after your dream career, and a baby may put these things on hold. There is no shame in waiting to start a family with your partner.

2. Pre-child expenses are lower: You won't have to worry about things like diapers, toys, or baby furniture. You'll be able to put the money you aren't saving towards things like a downpayment on a house or a car which will be safe for your children when you're ready for them.
