Cupid's Advice:

Everyone has different sexual appetites. Sometimes those differences can happen between two partners in a relationship, but that doesn't mean you can't work things out. Cupid has some advice to help you make sure you're on the same page as your partner in the bedroom:

1. Talk about it: The number one way for you and your partner to ensure you're on the same page about intimacy is to have an open discussion. Tell them what you like and listen when they tell you the same. If you're both open to talking it through, the act can be much more pleasurable for both of you in the end.

2. Be open to trying new things: Just because you've never tried something doesn't mean you won't like it. Be open-minded when your partner makes suggestions and you might find a new favorite way to be intimate with the person you love.

3. Learn to compromise: Be understanding. Sometimes one of you may be uncomfortable with something new in the bedroom. That's okay. Be willing to compromise, but know that it is okay to take things off the table if they make you uncomfortable.
