### **Cupid's Advice:**

Whether your relationship is constantly in the public eye like the Duchess and Prince, or you find your family and friends nitpicking your every move, it's no fun being scrutinized by others. Cupid has some advice on how to handle the scrutiny of your relationship:

**1. Ignore it:** The number one thing to do is just ignore what others have to say about your relationship. If they are not a part of your relationship, then their scrutiny does not have to hold any bearing on how you and your partner feel for each other.

**2. Openly communicate with your partner:** What is most important is that you and your partner are openly communicating with one another. If others are trying to drag your relationship down, or are saying hurtful things, then it is important that the two of you are open with each other and share your feelings about the situation. You don't want to take out your frustration with others on your partner.
