Cupid's Advice:

Britney Spears and Sam Asghari are completely head over heels for each other. However, just like any other couple, they had to get through the nerve-wracking first move. Cupid has some advice that will help you talk to your crush without breaking a sweat:

1. Find common interests: If you want to get closer to your crush the easiest way is to find something that you both have in common, whether that's a similar hobby or a favorite band. Talk to your crush about your similarities to foster a deeper friendship that could grow into something more.

2. Hang out in person: Texting and direct messaging is probably the most prevalent form of current communication, but messages can get lost in translation and honestly it's just not the same as hanging out in person. Try to grab coffee with your crush and talk about your common interests.

3. Be open: Although it can be scary to let your crush know that you want more than just a friendship, it is a simple way to avoid future heartbreak. You don't want to cry to sad Taylor Swift songs because you spent so much time pining over unrequited love. If you are open with your crush you can get rid of any doubt in your mind and either enjoy your newfound relationship or start to move on.
