By [Robert Manni](#)

Question from Claudia F., Manchester, NH: “My partner and I have been together for five years. We’ve fallen into a routine and I don’t know how to liven up love life – inside and outside the bedroom. Any suggestions?”

Hi Claudia:

In a [relationship](#), a lot can change in five years. Modern life is very stressful, so it's easy to fall into routines after working hard all day; however, people evolve differently which can create issues. When one partner changes and is moving in another direction, their other half may be complacent. Your question is geared to livening up your love life, in and out of the bedroom, which sounds tactical, but underneath the symptoms of boredom, there is always a cause.

If you want to quickly spice up your love/sex life, consider dialing up whatever floats your partner's boat to the point where he can't get enough of you. If he goes nuts when you wear your black lingerie and heels, consider leather and thigh-high boots just for kicks. If he likes to relinquish control, handcuff him to the bedposts. Guys are simple when it comes to sparking things up in the bedroom. Give him more of what he craves and he'll pay attention. But ask yourself if that solves the bigger issues surfacing out of the bedroom.

And what about you? Ask yourself what is making your love life feel predictable. Think of things you'd like to do to shake things up and make you feel alive. Consider taking a vacation together to an exotic destination or doing different things that come with a little risk, like deep water diving, traveling off the grid, or renting an airstream and driving west. Sometimes planning a trip together is all it takes in the short term. Often the symptoms of relationships feeling

humdrum are because partners are moving in different directions and the relationship may have run its course. If you value your relationship and want to keep it going strong, take the initiative to think things through and take the necessary steps that will rekindle the passion for both of you.

Remember, you can't start a fire without a spark.

Hope this helps. Good luck.
