## In celebrity news, a romance in the

# ***Big Brother* house dominated the game. What are some ways that working with your partner can be effective?**

## **Cupid's Advice:**

Working with your partner is one that can be a difficult task to manage. The workplace is already stressful enough as it is, but being alongside your spouse can make it an even more stressful environment. But, there are positives to working with them, and it can also be a great thing for your relationship. Here's some [love advice](#) from Cupid about the pros of working with your partner:

**1. Increased sense of intimacy:** Couples that work together or share experiences are more likely to have a stronger connection than those that don't. If you're both working in the same environment or company, there is even more of a sense of intimacy involved because you can talk openly about your work lives in a way that your partner will understand it. There's something about shared stresses that can be very therapeutic once you get home from a long day at the office.

**2. Team-building skills:** You and your partner should always be seen as a team. You aren't against one another. You're there to support one another. So, working in the same environment can be great for team-building. You learn how this person works with you and with others. It's a great way of understanding their behavior and actions when it comes to being apart of a group and dealing with pressures. It's important that you and your partner can come together,

effectively, whenever you both need it.

**3. Extra quality time:** Most relationships don't have the pleasures of spending a lot of quality time together. After long days at work, it's difficult to have energy or time to really spend with your partner. But, if you work alongside your spouse, you spend a great deal of your time in the company of someone you love. It allows you to be more present in the relationship, and it can make stressful days in the office much more enjoyable.
