1. Hoop/Statement Earrings

Earrings are a must-have accessory, and hoop or statement earrings can be used for casual or professional occasions.

Hoop earrings have been around as a fashion accessory for thousands of years (dating back to ancient Egypt) and it's no surprise that they've remained in fashion in American for the last few decades. With a resurgence during the disco era in the 60s/70s, hoop earrings have never really gone out of style. They're simple yet bold; blending perfectly with warm and cool colors alike.

Statement earrings come in plenty of varieties to meet the individual tastes of ladies all over the world. From flowing tassels to boldly-colored gems and patterns, statement earrings are a must-have alongside your hoop earrings. Each serves a different purpose in terms of the outfit, but both make an equally bold statement.

You can wear a blazer with a button-up shirt to a work meeting, or over your favorite t-shirt for a night out.

You can even match your pants with your blazer to give your outfit a more suit-like feel. If you need something a bit bolder, you can find leather blazers as well.
