Cupid's Advice:

It's hard to come to terms with things when your relationship is ending. Is it something you can work through or is it over? If you're thinking about calling it quits with your partner, Cupid has some advice for you:

1. They're no longer your go-to: You just got amazing news,

but your partner isn't the first to know. You want to go to a concert, but you don't think to bring them as your plus one. While this might not seem like major problems, it shows that your partner is losing importance to you. You're feeling closed-off from your partner, which could show that your relationship isn't working as well as it was.

2. You've stopped talking about the future: Planning for your future together is an important part of being a couple. If you find yourself no longer looking forward to a future with your partner (or don't see them in your future at all!), it might be time to let them go. If you're no longer in it for the long haul, you're holding both you and your partner back.

3. You're bored: Not only are you feeling bored with your relationship, but with your entire life. If you're feeling dissatisfied with everything, it may be because your relationship is stagnant and that's seeping into other areas of your life.
