Cupid's Advice:

This pandemic has been a crazy roller coaster ride and it's hard to determine what's coming next, which can make your relationship rocky after a while. If you are looking for ways to support your partner through the pandemic, Cupid has some advice for you:

1. Make time for each other: It can be easy to get set in your ways and do what you want to do during the pandemic, but set aside some time for your partner. Whether it's twice a week, once a week, or everyday, it's nice to have time specifically set aside for your partner.

2. Try to get out when you can: Being in the house all day can be really suffocating, so try to get out with your partner. You don't have to go to an extravagant place together; it can be just a walk around the block or you can sit right outside your door together. Try to breathe in that fresh air together.

3. Alone time is okay: Being together is great, but having some alone time can be really therapeutic for you both. You should also set aside time for you both to be separate and do what you want to do what you want with your free time.
