Cupid's Advice:

2 Hearts is a purely romantic film, and it's all about meeting someone and instantly falling in love. How do you know if you're falling in love? If you're looking for ways to tell you may be falling in love, Cupid has some advice for you:

1. If they make your heart rate increase: Everyone knows that feeling of your heart skipping a beat, or butterflies rumbling in your stomach. These can be tell-tale signs of intense emotions for someone, and if they persist even after you have been dating for a long time, they can definitely be a sign of real love.

2. You can't stop thinking about them: If you have ever stayed up all night thinking about someone, or couldn't focus on your daily routine because you couldn't get them out of your head, that may be a sign of love. Thinking about someone all of the time, and missing their presence when they're not around can mean more than just infatuation, but that you may be genuinely in love.

3. You enjoy the little things with them: A major sign of falling in love is having a new excitement about life that your significant other stimulates. If going grocery shopping or doing other boring tasks starts to become something exciting and fun when you're doing it with your partner, you may be falling in love. Someone that you're in love with will excite you, never bore you, and make you more enthusiastic about the little things in life!
