How do you avoid being bitter about others in love?

Cupid's Advice:

When you're single, sometimes it's hard to see friends who are happy and in love without feeling bad about your own love life. Cupid has some tips on how to stop the jealousy and bitterness:

- 1. Enjoy the single life:** You may be jealous of your married friend, but the truth is, she's jealous of you, too. So while you're single, enjoy it by going out, meeting new people and having fun.
- 2. Don't lose hope:** If you want to settle down in the future, just know that your time will come. Remember that you're single because you're picky, but one day the right person will come along.
- 3. Support your friends:** Instead of feeling bitter toward friends who are in love, why not be happy for them? You know if the roles were reversed, they would support you and your relationship.
