How do you prepare to have a child?

Cupid's Advice:

Nothing can fully prepare you for parenthood until the baby

actually comes, but Cupid has some tips on how to make the transition easier:

- 1. Read books: There are lots of great resources out there, like What To Expect When You're Expecting. Do some research before your bundle of joy arrives.
- 2. Ask for advice: Talk to friends and family who have children to see what their biggest surprises were when their first child was born.
- **3. Babysit:** If you have any young nieces, nephews or cousins that you can spend time with, becoming comfortable with them will help make you more used to having a little one around.
