Cupid's Advice:

It's hard to know when a relationship has truly run its course and it's time to end it. Cupid has some tell-tale signs:

1. Seems like a chore: If you feel like seeing your

significant other everyday is more of a chore than something you choose to do, that may be a sign that the spark and excitement no longer exists in your relationship, and you should start moving on.

2. You want to go out and meet new people: If you're having the urge to go out, meet new people and imagine what things would be like with someone different, then it's most likely time to go with your gut and do just that.

3. You argue over everything: If you and your significant other seem to be getting into arguments over the tiniest things and it's a constant occurrence, maybe the two of you really aren't right for each other.
