How do you know if your partner is cut out to be a parent?

Cupid's Advice:

Sometimes, when caught up in love, we think our partners are perfect for everything, even parenting. But how can you tell if your mate will be a phenomenal parent? Cupid has some quick tips:

1. Surrounding relationships: Chances are that how your partner treats you, his or her siblings, and his or her parents is an almost accurate representation of how your partner will treat your child. Keep an eye out for these things.

2. Responsibility, responsibility, responsibility: Make sure that before you make any baby plans, you see a consistent

sense of responsibility coming from almost all of your partner's actions. It's by far the most important quality for a potential parent to possess.

3. Is money a sticky situation?: If your partner is always carelessly spending money, or is the opposite and is severely frugal, take that into account when you're thinking about having kids. Children need stable incomes.
