What are the benefits of having children later in life?

Cupid’s Advice:

Some people wait a very long time before having children, whereas others choose to have them early on. Cupid has some thoughts on why having children later in life may be a good thing:

1. Stability: If you wait a while to have a child, you will allow yourself to have grown economically, mentally and emotionally. You won’t have to deal with the extra moodiness that comes with being a teen and the financial struggles that come with first jobs.

2. Youth: By putting off having children, you’ll be giving yourself a chance to experience and enjoy your youth without having to sacrifice for someone else. You’ll avoid “growing up too fast.” Being young only lasts for a short time, so enjoy it while you can.

3. Fit as ever: Saving a baby for later keeps your figure in shape while you're young. We all know the hassle of staying fit. Why not have nice bodies last while they still can?
