Does flirting with the opposite sex help relieve the pain of a break-up?

Cupid's Advice:

Flirting can help when you're fresh out of a relationship because it can boost your confidence with potential lovers.

Here are some tips to help you get back into the game:

1. Timing is key: It's important to remember the "mourning period" that follows a break-up. Give yourself some time to get over your ex before you start turning up the flirt. After all, nobody likes thinking about their ex when they're with someone else.

2. Man overboard: The key with flirting is that it's like alcohol—best in moderation. Taking it too far is not only a sign that you're not over your ex, but you just look silly.

3. Be playful: Remember, it's just flirting. Similar to Anthony, keep it fun, but don't try to get a rebound right after a break-up.
