## **Cupid's Advice:**

When deciding to start a family, there are many things to consider and for which to prepare. Here are three of them:

**1. Financially stable:** In order to support a child, make sure you're doing financially well. If you don't have a good enough job, attempt to get a new one. If you need more time to save, take those weeks or years you need.

**2. Shelter:** It's important to live in a safe environment where you can raise your child. If you're currently living in the middle of a sitting in a loft apartment and you don't feel that's the type of atmosphere in which you want to raise a child, wait until you're somewhere you feel your family life is meant to be.

**3. Ready:** Make sure you and your spouse are ready to start a family and take care of all the responsibilities that come

with it. If you have doubt, don't go through with having kids quite yet.
