

Megan Fox Explains Why She's Waiting to Have Children

Megan Fox definitely wants to start a family ... just not right now, according to [UsMagazine](#). The 25-year-old actress who co-parents her husband Brian Austin Green's 9-year-old son said, "I absolutely want biological children. I've always wanted kids. It's just about the timing." She explained that they are waiting to be financially stable before starting a family. "I have it in my mind about what amount of money I want in the bank so that I can protect that child's future, and really protect it, so that kid never struggles," she said. "Once I feel safe with that, then I'll have kids."

What are some preparations to make before you have kids?

Cupid's Advice:

When deciding to start a family, there are many things to consider and for which to prepare. Here are three of them:

1. Financially stable: In order to support a child, make sure you're doing financially well. If you don't have a good enough job, attempt to get a new one. If you need more time to save, take those weeks or years you need.

2. Shelter: It's important to live in a safe environment where you can raise your child. If you're currently living in the middle of a sitting in a loft apartment and you don't feel that's the type of atmosphere in which you want to raise a child, wait until you're somewhere you feel your family life is meant to be.

3. Ready: Make sure you and your spouse are ready to start a family and take care of all the responsibilities that come with it. If you have doubt, don't go through with having kids quite yet.
