What do you do if your career is starting to take over your relationship?

Cupid's Advice:

It's easy for your career to take over your life. If you feel

this happening, it's important to take a step back and re-prioritize to make time for your relationship:

1. Set aside time: When setting up your schedule for the week, make sure to put in time to spend with your partner. Whether it's a date night or simply leaving work early to spend some quality time at home, it's important to show your partner you care.

2. Include your partner: Often times it helps your relationship to include your partner in your work. If your career comes with a lot of dinners and black tie events, invite your mate along once in a while to show that, despite your work, you want to be with them.

3. Surprise them: Surprise your partner by taking a couple days off from work and doing something fun. It reminds them that they are a top priority in your life as well as your career.
