

Giuliana Rancic and Husband Continue IVF to Have Baby

Giuliana and Bill Rancic are not giving up! After two failed attempts, the couple have decided to give in-vitro fertilization another try. The E! News host and her husband miscarried after their second try of IVF. Devastated, they decided to put aside starting a family for a short while and focus on themselves and their relationship. Currently in the middle of their third IVF treatment, the reality star couple are optimistic, despite Giuliana's recent breast cancer setback. The two are not opposed to other options such as adoption or surrogacy, however they are desperate to get pregnant. The Italian beauty tells UsMagazine.com, "If [our doctor says] after this cycle, 'I don't think this is going to happen for you naturally. You're going to have to look at more options than we will.'"

How do you decide if adoption is right for you and your

partner?

Cupid's Advice:

Adoption is something that should be deeply discussed. It can be a long and stressful process for which some couples are not ready. Make sure you and your partner have considered it from all angles:

1. Consider the pros and cons: Making a list of positives and negatives with your partner can help to solidify that adoption is right for you as a couple.

2. Others who have adopted: It may be a huge help to get advice from someone you know who has actually been through the adoption process and have them tell you their story.

3. Discuss with family: Family knows you best and can give good advice. It's probably best to discuss with only those to whom you're closest.
