## How do you know when your relationship lacks a spark?

### Cupid's Advice:

It's very common for your head to make decisions about relationships instead of your heart. Here are a few ways to know that your relationship lacks a spark:

- 1. You're not excited:** After a few weeks of dating, some couples experience a slump in their relationship. However, for couples lacking a spark, this may never wear off.
- 2. You prefer groups:** If you have more fun on group outings, like double dates or parties, than you do on one-on-one dates with your partner, then you should reevaluate your relationship.
- 3. You rationalize:** If you find yourself supplying reasons why you should date your partner, then it's clear that your head – not your heart – is making decisions for you. Just because a partner seems like an ideal candidate on paper does not mean they're ideal in real life.
