Kris Humphries Files to Annul Marriage with Kim Kardashian

Kris Humphries is

finally taking action. Ex-wife Kim Kardashian filed for divorce on October 31st, but Humphries wishes to bypass divorce proceedings by getting the marriage annulled, reports <u>UsMagazine.com</u>. Humphries is crediting "fraud" as the reason behind the couple's split, but only because the other options were unfitting. "The whole 'fraud' thing is ridiculous. If the marriage was a sham, he was in on it," said a source. "Did he not see the cameras or get a cut of whatever money was made? The marriage was real. It was just a terrible and unhappy one."

What are some reasons to annul a marriage?

Cupid's Pulse:

Annulling a marriage is often much easier and quicker than

getting a divorce. Here are a few reasons to do so:

1. Infedility: If your new spouse is unfaithful within the first few months of your marriage, an annulment will most likely be granted by the Superior Court.

2. Bigamy: If your spouse is married to another person at the time of the marriage, the marriage can be annulled.

3. Force: A marriage will most likely be annulled if one partner forced the other into the marriage, either by making threats, abduction or physical force.
