Cupid's Advice:

Staying single can be a lot of fun, but it can also leave you feeling lonely and confused when a new relationship comes around. However, sometimes it can be the best thing for you and your future relationships. Here's how:

1. You: Being single means more 'me time'. Not having to worry about a partner's feelings lets you learn what you like or dislike for future relationships.

2. Networking: Flying solo can allow you to meet new people in places that you would have visited while in a relationship. It can open up your social circle and teach you how to communicate better in future relationships.

3. Freedom: Not having to report to anyone or make decisions based on how it will affect you and your partner will leave you free to become an independent well-rounded person.
