How do you know when to go public with your relationship?

Cupid’s Advice:

Sure, keeping your relationship under wraps has its perks, such as privacy and a better chance at maintaining a healthy, long-lasting relationship, but you can't keep it behind closed doors forever. Here are some ways to recognize when you and your mate should "make it official":

1. It's getting serious: After you and your partner have been dating for a while and agree that it's time to meet each other's family, it can also be a great time to debut your relationship.

2. Everyone knows: You and your love can only be seen a few times sneaking in some PDA before people begin to link you two together. If everyone has already pieced you two together, why not confirm it?

3. You're both ready: When you both agree that you're ready to go public with your relationship, then that's when it's the best time.
