Your cute neighbor – who you’ve been crushing on since he moved in – *finally* asked you out on a date. He even planned the evening for you: an al fresco dinner at your favorite restaurant followed by a romantic stroll through a nearby park. Sounds perfect, right?

It is...until your allergies show up (uninvited, of course) and you can’t stop sneezing. Itchy eyes and a red nose is *not* how you hoped to end your night.

If only you would’ve learned from Brooke Burke-Charvet’s mistakes. Merck teamed up with the *Dancing with the Stars* host to create the video below, showing you how easy it is to live your life with your allergies instead of constantly battling against them.

Thanks to non-drowsy Claritin®, Burke-Charvet can survive her busy day – and you can make the most of your relationship with that new man in your life. The difference is clear.
