How can double dates bring you closer together as a couple?

Cupid's Advice:

Double dating can test out how your relationship works around other people. If you double date with your family or best friends, then it's all even more important as to how well the date goes, because when someone dates you, they date your family, too. These are some reasons as to why double dates can bring you closer together as a couple:

1. You're being social, together: If you're dating someone, you most likely have a good time together, but for the most part without other people. If you can both have a great time with other people, then you're even more compatible.

2. Get to know the people in each others' lives: Double dating can be a great way for both of you to get to know each others' friends and family. It could be a time to open up, under less pressure.

3. Learn more about each other: You know how your partner is when you're alone, but double dating could allow you to see how they are around the people who know them best. You learn more about what they like and how they are.
