What are some ways life changes after you get married?

Cupid's Advice:

Getting married is a big deal for many reasons. Although you may agree with Biel that married life isn't that different,

there are some changes that come with the territory:

1. Family: Even if you already have kids or don't plan on having them, your spouse is now your family and that's a big change. You are committing yourself to this person, and he or she will be present during all of the great (and all the not-so-great) moments in your life.

2. Single life: Single fun is different than married fun, but don't give up on dates and flirting with your spouse. Incorporate the things you found fun while single into your marriage so things don't change *too* much.

3. A new you: Even if you and your partner were living together before, you're going to spend a lot more time together as a couple. Don't be surprised if you adopt new mannerisms, your tastes broaden and you find yourself developing and expanding who you are.
