How do you decide whether to take your husband's name after marriage?

Cupid's Advice:

You've lived with your last name your entire life, so it might be time to move forward and change it for you and your partners' sake. Here are some ways to know that taking your husband's name after marriage is the right decision:

It's your own decision: The pressure from your husband, the new in-laws and everyone around you can be too much to bear. If you want to take your husband's name, it should be because you believe it's a symbol of your commitment, not because you feel obligated due to pressure from everyone else.

It won't offend your birth family: Some family names hold heavier history and meaning than others, so taking your new husband's name can cause controversy. If this is not the case, there is no reason you shouldn't take your husband's last name. You can even hyphenate if you feel uncomfortable abandoning your maiden name.

There is no reason not to: If you do not want to take your husband's last name because your signature doesn't look as good as your maiden name did, think again. Not taking your husband's name for petty reasons can cause him to question your love and commitment.
