**What are some ways to support your partner soon after pregnancy?**

**Cupid's Advice:**

You've struggled through dealing with a pregnant partner for nine months, but that doesn't end once the baby arrives. Here are some ways to support your couple after they have given birth:

**1. Help out with the baby:** Even though there are some things you won't be able to help out with, such as breast feeding, there's still so much you can do. Be hands on and take any opportunity to take care of the baby to give your partner a rest.

**2. Give your partner little surprises:** It doesn't all have to be about the baby. Surprise your partner every now and then with some flowers, take them on a date or even give them the day off to relax at the spa.

**3. Spend some time together as a family:** Having a child can be hectic, so don't forget about the important things. Spending some quality time all together will keep you all sane and happy.
