

New Advice Column: Dating in the Age of Technology

Have you been dating your guy for a few months, but he *still* hasn't changed his Facebook status to "in a relationship"? Or, does the new man your dating text you saying he misses you and then you don't hear from him for days? These are common scenarios in our new technology-driven dating world. If you are challenged with how to navigate all of this, don't despair.

On Thursday, August 2nd, CupidsPulse.com will be launching a new advice column focused on this very issue. From texting to emailing to Twitter and Facebook, each month we will highlight a social media scenario and engage three experts (all from different areas of the country and different stages of life) to provide their perspective on how best to handle the situation.

Our advice column experts will include Paige Wyatt, the reality star of Discovery Channel's 'American Gun's'; Tristan Coopersmith, a "love stylist" working on her degree to become

a psychotherapist; and Suzanne Oshima, a matchmaker and dating coach. Dating in the digital world is difficult – let us make it a bit easier for you!

If you have any questions you would like answered by our experts, please send them to cupid@cupidspulse.com.
