What can being homesick tell you about your marriage?

Cupid's Advice:

Even in the best marriage, you may find yourself missing your single life – and your bed at home. Here's what being homesick can tell you about your marriage:

1. You're normal: It's perfectly acceptable and *normal* to miss home every now and then. Even if your husband is your perfect match, he can't make your mother's famous breaded chicken. Remember that your family is important, and that it's okay to miss them.

2. Stress: Sometimes, when life gets too stressful, you just want to curl up in your old bed and sleep your troubles away. If your stress is coming from your married life, though, you should address the problem before it grows rather than running home and avoiding it.

3. You're unhappy: If all your relationship is doing is making you miss home, you have to reconsider your marriage. No one can be happy when they want to be somewhere else.
